Feature Film DVD and Videogame Restriction Request

The Bloomingdale Public Library has been charged with the mission of developing resources to meet the diverse information and entertainment needs of this community; as a result, not all feature films and videogames purchased by the library contain content that is suitable for minors.

The Bloomingdale Public Library maintains that parents and legal guardians have sole responsibility for determining the suitability of library materials for their children. Employees of the library cannot and must not assume the role of parents in the evaluation and/or restriction of individual materials for minor children. The library, however, recognizes that some restrictions may need to be made and provides an option for parents to restrict minor's access to feature films and videogames.

As the parent or legal guardian: (Please choose one):

- I grant permission for my minor to borrow feature films and videogames, understanding that librarians will not restrict access due to content, MPAA, or ESRB ratings. Further I accept responsibility for all fines and fees accrued while the items are in the minor's possession.

- I do not grant permission for my minor to borrow feature films and videogames.

A minor's access to feature films and videogames is automatically controlled at check out and may be over-ridden by circulation only if the parent or legal guardian accompanies the minor at time of check out. Juvenile and Nonfiction DVDs are not subject to restriction.

Please print Name of parent or legal guardian if cardholder is under 18:
