Book Selection

Be aware that books less than six months old in most cases will not be available. If enough copies are not readily available, we will contact you in time for you to make another selection.

The library needs at least six weeks advance notice of titles selected for each month, or you can give us your group's list of book selections for the entire year. We will have the books here one month before you are planning on discussing the book.

Due Dates & Checking Out Books

The Contact Person for the group will be notified once all the copies of the title requested are received. He/she is responsible for coming into the library to check out all of the books. Books cannot be renewed as they already have an extended due date.

Questions about book discussion group registration and/or book selection status should be directed to **Mimi Johnsen, Bloomington Public Library, mjohnsen@mybpl.org, 630.924.2730.**
